[Dead Island Highly Compressed Pc Game Free Download](#)

Along with international terrorist Charon and native Yerema, asymptomatic patient zero of the Banoi outbreak, the survivors land on a military ship after escaping from the prison island.

They are immediately taken into custody by the Australian Defence Force Colonel Sam Hardy and Frank Serpo, a civilian VIP.. Riptide takes place immediately after the ending of Dead Island, with the four immune survivors: ex-American football player Logan Carter, rapper Sam B, undercover Chinese spy Xian Mei, and ex-police officer Purna.. In the ship's brig, the remaining four meet another immune survivor, ADF Sergeant John Morgan, who claims he was part of a humanitarian effort on a nearby island until Serpo showed up and halted the mission.
