[Fatal Error During Installation Kaspersky Endpoint Security](#)

The screenshot shows a Windows Update error window titled "Windows Update" with the message "Couldn't install Windows 10". Below the message, it states: "Endpoint Security: Update to the latest version of Endpoint Security or uninstall to continue with setup." In the bottom left corner, there is a Microsoft Support logo. Overlaid on this window is an "About" dialog box for "Kaspersky Endpoint Security 10 for Windows". The dialog box displays the Kaspersky logo, the product name, and the version "Version: 10.3.0.6294 AES256". It also includes copyright information: "© 2016 AO Kaspersky Lab. All Rights Reserved." and a warning: "Warning! Exclusive rights to the application belong to AO Kaspersky Lab." Below the warning, it states: "Registered trademarks and service marks are the property of their respective owners." and provides a link to "Third-party trademark notices." To the right of the dialog box, there is a grey "Refresh" button.
